Say, pa, I have been saving the pennies, nickles and dimes which I have earned and I have a whole dollar.

That is right my boy. Learn to take care of the pence and the dollars will take care of themselves.

Say, pa, what makes money? Money, my son, is something of intrinsic value which has the stamp of and a silver dollar that is only worth the government upon it telling how seventy cents pass for one hundred much it is worth.

What good does the stamp of the government, do, pa? It does no good only to show how

much the metal in the coin is worth. Then this stamp on this one cent piece means that there is one cent's worth of copper in it, does it?

Well, not exactly in that case, my son, for the copper in that cent is not ial used? worth one tenth of a cent.

Tut tut, my boy, don't use such expressions, that money is all right.

But pa, you said it ain't worth a tenth of a cent. How can it be all You said a stamp of the government better for you to declare to yourself right? Is it right for some big man to cheat me?

It will pass for a cent. Then let me pass five of them to you

in exchange for a nickle. All right. Here is your nickle.

And here are your worthless pennies which you can palm off on some boy ey. This nickle is good ain't it pa?

It has five cents worth of metal in it ain.t it? No. it has not.

How much does it lack of it? Oh, it has about a cent's worth of

metal in it.

Have you enough to make a dollar? hold water, do they? Well now, pa, I don't like to cheat you. I have ten nickles and five dimes.

won't be good. Why, pa, I won't punch out any of the metal?

That don't make any difference, if be worth only 80 cents.

Ain't there a dollar's worth of silver in it?

Skunked again, and out on the third strike. Say, pa, you'r a slick 'un.

Why do you apply such a low term to your parent, my boy?

Well, you had me trade off those worthless cents and nickles for a dollar equally worthless. I thought I was putting it onto you all the while and you knew I wasn't. Say, have you a gold dollar?

Yes, I believe I have.

I'll trade you this silver dollar for it. Well, here is your gold dollar.

And here is your seventy cent silver dollar. At last I have a dollar that has first few months. I invested it, and you a dollar's worth of metal in it, ain't 1? see the result—we are well fixed." Not exactly. You see in coining gold dollars they put in ten per cent killing canine, and said not a word.

What's alloy?

Copper and silver. Then there ain't a dollars worth of gold in this money you have traded me?

Out on the home base! Say, bosspa I mean, I worked like smoke to get this money and if you have any good money I should like to have it. Have you a paper dollar?

Yes. Is that good?

Well, then fork it over. Don't be so rude, my son,

your paper dollar. Has that got a dollar's worth of paper in it?

No, not a penny's worth. You said it was good.

So it is. You can exchange it for gold, silver, nickle or copper money.

A Legislative Endorsement.

A law was passed last winter in Minnesota affecting the sale of alum baking powders. The interest excited by the bill when proposed led to a long and thorough investigation by a legislative committee of the qualities of all the baking powders sold in that State, with the result that the Royal was shown by very positive evidence from the State Chemist, Dr. Drew, and ohers, to be the purest, strongest, and in all respects the best baking powder in the market.
